A BRAND OF

# Technology and innovation driving high-end product design

<sup>EN</sup> All great creation requires great expertise. At NOËL & MARQUET functionality meets aesthetics, design meets innovation and tradition meets modernity. With over 50 years of experience and passion in crafting fine design elements in Belgium, we take pride in our unparalleled know-how, cutting-edge processes and state-of-the-art technology

*Technologie et innovation au service du design de produits premium*

<sup>FR</sup> Toute grande création requiert une grande expertise. Chez NOËL & MARQUET, la fonctionnalité rencontre l'esthétique, le design l'innovation et la tradition la modernité. Avec plus de 50 ans d'expérience dans la fabrication d'éléments de design raffinés en Belgique, nous sommes fiers de notre savoir-faire inégalé, de nos processus modernes et de notre technologie de pointe.

*Tecnología e innovación al servicio del diseño de productos de gama alta*

<sup>ES</sup> Toda gran creación requiere una gran experiencia. En NOËL & MARQUET, la funcionalidad se une a la estética, el diseño se une a la innovación y la tradición se une a la modernidad. Con más de 50 años de experiencia y pasión en la fabricación de elementos de diseño de alta calidad en Bélgica, nos enorgullecemos de nuestro saber hacer sin igual, nuestros procesos de vanguardia y nuestra tecnología de última generación.

*Tecnologia e inovação ao serviço da conceção de produtos topo de gama*

<sup>PT</sup> Todas as grandes criações exigem grande experiência. Na NOËL & MARQUET, a funcionalidade encontra a estética, o design encontra a inovação e a tradição encontra a modernidade. Com mais de 50 anos de experiência e paixão na criação de elementos de design requintados na Bélgica, orgulhamonos do nosso know-how incomparável, dos nossos processos de ponta e da nossa tecnologia de última geração.

# ARSTYL®

## the love of detail

<sup>EN</sup> Our ARSTYL® profiles, wall panels, wall tiles and other design elements are characterised by sharp levels of detail, reminiscing the work of master craftsmen and the refined precision of traditionally hand-carved mouldings.

These elements are made by means of a foaming process. High-density polyurethane foam (PU) is injected into shaped aluminium moulds resulting in precisely manufactured design elements. This process offers unlimited creative potential, enabling the crafting of slick and clean mouldings as well as ornate and wildly detailed ones. All ARSTYL® elements are resistant to impacts and the profiles also benefit from a B – s2 d0 fire classification.

### *ARSTYL®, l'amour du détail*

<sup>FR</sup> Nos profilés, panneaux muraux, éléments muraux et rosaces ARSTYL® se caractérisent par un niveau de détail élevé, rappelant le travail des maîtres artisans et la précision affinée des moulures traditionnellement taillées à la main. Ces éléments sont fabriqués au moyen d'un processus de moussage. De la mousse de polyuréthane haute densité (PU) est injectée dans des moules en aluminium formés, ce qui permet d'obtenir des éléments de design fabriqués avec précision. Ce procédé offre un potentiel créatif illimité, permettant de réaliser des moulures lisses et épurées ainsi que des pièces ornées et richement détaillées. Tous les éléments ARSTYL® sont résistants aux chocs et les profilés bénéficient également d'un classement au feu B - s2, d0.

### *ARSTYL®, por amor al detalle*

<sup>ES</sup> Nuestros productos ARSTYL® se caracterizan por su gran nivel de detalle, que recuerda el trabajo de los maestros artesanos y la refinada precisión de las molduras talladas a mano tradicionalmente. Estos perfiles se fabrican mediante un proceso de espumado. La espuma de poliuretano de alta densidad (PU) se inyecta en moldes de aluminio conformados, dando como resultado elementos de diseño fabricados con precisión. Este proceso ofrece un potencial creativo ilimitado, ya que permite elaborar molduras lisas y limpias, así como ornamentadas y salvajemente detalladas. Los perfiles, paneles de pared, elementos de pared y otros elementos de diseño ARSTYL® también se benefician de una clasificación al fuego B - s2, d0 y son resistentes a los impactos.

### *ARSTYL®, por amor ao pormenor*

<sup>PT</sup> Os nossos produtos ARSTYL® caracterizam-se por um elevado nível de pormenor, fazendo lembrar o trabalho de mestres artesãos e a precisão refinada das molduras tradicionalmente esculpidas à mão. Estes perfis são fabricados através de um processo de espumação. A espuma de poliuretano de alta densidade (PU) é injectada em moldes de alumínio moldados, resultando em elementos de design fabricados com precisão. Este processo oferece um potencial criativo ilimitado, permitindo a criação de moldes lisos e limpos, bem como de moldes ornamentados e extremamente detalhados. Os perfis, painéis de parede, elementos de parede e outros elementos de design ARSTYL® também beneficiam de uma classificação de fogo B - s2, d0 e são resistentes a impactos.

# WALLSTYL®

## robust and resistant

<sup>EN</sup> This range is defined by the products' resistance to impact and humidity. Our WALLSTYL® elements are true multi-talents suited to every part of the wall and ceiling and every type of room, including damp environments such as kitchens, bathrooms, spas or bars.

WALLSTYL® products are manufactured via an extrusion process, whereby polystyrene is shaped into high-density (HDPS) shock-resistant decorative elements. This material is the most solid within our ranges, making it perfect for impact prone elements such as skirtings, wall panels or chair rails.

### *WALLSTYL®, robuste et résistant*

<sup>FR</sup> Cette gamme se démarque par la résistance aux chocs et à l'humidité des produits qui la composent. Nos éléments WALLSTYL® sont de véritables multi-talents adaptés à tous les pans de murs et de plafonds et à tout type de pièce, y compris les environnements humides tels que les cuisines, les salles de bains, les spas ou les bars.

Les produits WALLSTYL® sont fabriqués par un procédé d'extrusion, par lequel le polystyrène est modelé en éléments décoratifs haute densité (HDPS) résistants aux chocs. Ce matériau est le plus solide de nos gammes, ce qui le rend parfait pour les éléments susceptibles de subir des impacts, tels que les plinthes, les panneaux muraux ou encore les cimaises.

### *WALLSTYL®, robusto y resistente*

<sup>ES</sup> Esta gama se caracteriza por la resistencia de los productos al impacto y a la humedad. Nuestros elementos WALLSTYL® son verdaderamente versátiles y se adaptan a cualquier parte de la pared y el techo, así como a todo tipo de estancias, incluidas las más húmedas, como cocinas, baños, spas o bares.

Los productos WALLSTYL® se fabrican mediante un proceso de extrusión, en el que el poliestireno se moldea para crear elementos decorativos de alta densidad (HDPS) resistentes a los golpes. Este material es el más sólido de nuestras gamas, lo que lo hace perfecto para elementos propensos a los impactos, como zócalos, paneles de pared o guardasillas.

### *WALLSTYL®, robusto e resistente*

<sup>PT</sup> Esta gama é definida pela resistência dos produtos ao impacto e à humidade. Os nossos elementos WALLSTYL® são verdadeiramente multifuncionais, adequados para todas as partes da parede e do teto e para todos os tipos de divisões, incluindo ambientes húmidos, como cozinhas, casas de banho, spas ou bares.

Os produtos WALLSTYL® são fabricados através de um processo de extrusão, no qual o poliestireno é moldado em elementos decorativos resistentes ao choque e de alta densidade (HDPS). Este material é o mais sólido das nossas gamas, tornando-o perfeito para elementos sujeitos a impactos, como rodapés, painéis de parede ou guarda cadeiras.

# NOMASTYL®

## featherweight finish

<sup>EN</sup> These light profiles which are easy to cut and install strike a good price-to-quality balance to accommodate all kinds of budgets. They are also resistant to humidity making them suitable for all indoor environments.

Designed for specific ceiling applications our NOMASTYL® range makes the perfect compromise, with polystyrene (PS) extruded at a medium density (therefore using less raw materials) whilst guaranteeing a smooth finish and a long-lasting quality.

### *NOMASTYL®, finition poids plume*

<sup>FR</sup> Ces profils légers, faciles à découper et à installer, présentent un bon rapport qualité/prix et conviennent à tous les types de budgets. Ils sont également résistants à l'humidité, ce qui les rend adaptés à tous les environnements intérieurs.

Conçue pour des applications de plafonds spécifiques, notre gamme NOMASTYL® offre un compromis parfait, avec du polystyrène (PS) extrudé à une densité moyenne (ce qui permet d'utiliser moins de matières premières) tout en garantissant une finition lisse et une qualité durable.

### *NOMASTYL®, acabado de peso pluma*

<sup>ES</sup> Estos perfiles ligeros, fáciles de cortar e instalar, ofrecen una buena relación calidad-precio para adaptarse a todo tipo de presupuestos. También son resistentes a la humedad, lo que los hace adecuados para todos los ambientes interiores.

Diseñados para aplicaciones específicas en techos, nuestros perfiles de la gama NOMASTYL® constituye el compromiso perfecto, con poliestireno (PS) extruido a una densidad media (por lo que utiliza menos materias primas), al tiempo que garantiza un acabado liso y una calidad duradera.

### *NOMASTYL®, acabamento leve como uma pluma*

<sup>PT</sup> Estes perfilados leves, fáceis de cortar e de instalar, apresentam uma boa relação qualidade/preço para se adaptarem a todos os orçamentos. Além disso, são resistentes à humidade, o que os torna adequados para todos os ambientes interiores.

Concebida para aplicações específicas de tectos, a nossa gama NOMASTYL® constitui o compromisso perfeito, com o poliestireno (PS) extrudido a uma densidade média (utilizando assim menos matérias-primas), garantindo ao mesmo tempo um acabamento suave e uma qualidade duradoura.

# DOMOSTYL®

## weatherproof outdoor profile

<sup>EN</sup> This range of façade profiles is first and foremost designed to withstand all types of weather conditions. In this sense, all DOMOSTYL® profiles, are impact-resistant, water-resistant, and long-lasting making it possible to also give facades a unique and individual touch. These outdoor profiles are made from high-density polyurethane (PU) by means of a foaming process also enabling good levels of details. Moreover, the profiles are covered with a smooth, white reinforcing sheet to increase their longevity and ensure ideal adhesion of all pure acrylic façade paints.

### *DOMOSTYL®, profilés d'extérieur résistants aux intempéries*

<sup>FR</sup> Cette gamme de profilés de façade est avant tout conçue pour résister à toutes sortes de conditions météorologiques. En ce sens, tous les profilés DOMOSTYL®, sont résistants aux chocs, à l'eau et pérennes, permettant ainsi de donner aux façades une touche unique et individuelle. Ces profilés d'extérieur sont fabriqués à partir de polyuréthane (PU) haute densité au moyen d'un processus de moussage permettant de bons niveaux de détails. De plus, les profilés sont recouverts d'une feuille d'armature blanche et lisse pour augmenter leur longévité et pour assurer une adhérence idéale de toutes les peintures pour façades en acrylate pur.

### *DOMOSTYL®, perfiles exteriores resistentes a la intemperie*

<sup>ES</sup> Esta gama de perfiles para fachadas está diseñada, ante todo, para soportar todo tipo de condiciones climáticas. En este sentido, todos los perfiles DOMOSTYL®, son resistentes a los impactos, impermeables y duraderos, lo que permite dar también a las fachadas un toque único e individual. Estos perfiles para exteriores se fabrican con poliuretano (PU) de alta densidad mediante un proceso de espumado que también permite obtener buenos niveles de detalle. Además, los perfiles están recubiertos de una lámina de refuerzo blanca y lisa para aumentar su longevidad y garantizar una adherencia ideal de todas las pinturas acrílicas puras para fachadas.

### *DOMOSTYL®, perfis de exterior resistentes às intempéries*

<sup>PT</sup> Esta gama de perfis de fachada foi concebida, antes de mais, para resistir a todos os tipos de condições climáticas. Neste sentido, todos os perfis DOMOSTYL® são resistentes aos choques, à água e duradouros, o que permite também dar um toque único e individual às fachadas. Estes perfis de exterior são fabricados em poliuretano (PU) de alta densidade, através de um processo de espumação que permite igualmente um bom nível de pormenorização. Além disso, os perfis são cobertos por uma folha de reforço branca e lisa para aumentar a sua longevidade e garantir a adesão ideal de todas as tintas acrílicas puras para fachadas.

# For every area of the wall, a tailor-made finish.

Our ARSTYL<sup>®</sup>, WALLSTYL<sup>®</sup>, NOMASTYL<sup>®</sup> and DOMOSTYL<sup>®</sup> products present distinct technical and aesthetic properties to best fulfil every need and optimally deal with every situation. Our various design elements are also primed, thus ready to paint in the colour of your choosing while certain finished profiles are even ready to install straight away.

*Pour chaque partie du mur, une finition adaptée.*

FR Nos produits ARSTYL<sup>®</sup>, WALLSTYL<sup>®</sup>, NOMASTYL<sup>®</sup> et DOMOSTYL<sup>®</sup> présentent des propriétés techniques et esthétiques distinctes afin de répondre au mieux à chaque besoin et à chaque situation. Nos différents éléments décoratifs sont également apprêtés, prêts à être peints dans la couleur de votre choix, tandis que certains profilés finis sont même prêts à être installés immédiatement.

*Tecnología e innovación al servicio del diseño de productos de gama alta*

ES Nuestros productos ARSTYL<sup>®</sup>, WALLSTYL<sup>®</sup>, NOMASTYL<sup>®</sup> y DOMOSTYL<sup>®</sup> presentan propiedades técnicas y estéticas distintas para satisfacer mejor cada necesidad y afrontar de forma óptima cada situación. Nuestros diversos elementos de diseño también están imprimados, por lo que están listos para pintar en el color que elijas, mientras que algunos perfiles acabados están incluso listos para instalar de inmediato.

*Tecnologia e inovação ao serviço da conceção de produtos topo de gama*

PT Os nossos produtos ARSTYL<sup>®</sup>, WALLSTYL<sup>®</sup>, NOMASTYL<sup>®</sup> e DOMOSTYL<sup>®</sup> apresentam propriedades técnicas e estéticas distintas para responder da melhor forma a cada necessidade e a cada situação. Os nossos vários elementos de design também são pré-pintados, estando assim prontos para serem pintados na cor da sua escolha, enquanto alguns perfis de acabamento estão mesmo prontos a instalar.

# Cornices

<sup>EN</sup> Create a completely new spatial effect with our cornices. They create an elegant and aesthetic transition between walls and ceilings. The spatial effect can vary depending on the cornice and the mounting. Cornices – many of which are for that matter suitable for the integration of direct or indirect lighting – can moreover be used to conceal unsightly transitions, cracks and smaller cables.

## *Moulures de plafond*

<sup>FR</sup> Grâce à nos moulures de plafond, vous pouvez changer à volonté l'ambiance de votre espace intérieur. Elles forment une transition esthétique et élégante entre le mur et le plafond. L'impression d'espace varie selon le profilé et la disposition de la moulure. Les moulures de plafond, dont beaucoup conviennent à l'intégration d'un éclairage direct ou indirect, vous permettent aussi de dissimuler les passages, fissures et petits câbles inesthétiques.

## *Molduras de techo*

<sup>ES</sup> Gracias a nuestras molduras de techo, puede cambiar a voluntad la atmósfera de su espacio interior. Forman una transición estética y elegante entre la pared y el techo. El efecto espacial varía según el perfil y la disposición de la moldura. Las molduras de techo, muchas de las cuales son adecuadas para integrar la iluminación directa e indirecta, también le permiten ocultar pasajes antiestéticos, grietas y pequeños cables.

## *Sancas*

<sup>PT</sup> Crie um efeito espacial completamente novo com as nossas sancas. Criam uma transição elegante e estética entre paredes e tetos. O efeito espacial pode variar dependendo da sanca e da montagem. As sancas, muitas das quais adequadas para a integração de iluminação direta e indireta, também permitem esconder passagens, fissuras e pequenos cabos inestéticos.

# Panel Mouldings

<sup>EN</sup> The versatile panel mouldings from NOËL & MARQUET decorate, shape and embellish your walls by framing, outlining and dividing into fields. They are light and easy to install. Thanks to a primer, they can be painted over immediately and provide excellent protection against shocks thanks to their high material density.

## *Cimaises*

<sup>FR</sup> Les différentes cimaises de NOËL & MARQUET ornent, structurent et embellissent vos murs par des encadrements, délimitations et compartimentages. Elles sont faciles à installer. Grâce à l'application d'une couche de primaire en usine, vous pouvez les peindre immédiatement. Par ailleurs, la haute densité des matériaux vous offre une excellente résistance aux chocs.

## *Cimacios*

<sup>ES</sup> Los cimacios s NOËL & MARQUET decoran, dan forma y embellecen tus paredes mediante marcos, revestimientos y divisiones de campos. Son ligeros y de fácil instalación. Gracias a que ya llevan una pintura de imprimación en fábrica, pueden ser pintados inmediatamente después de su colocación. Por su alta densidad, proporcionan, además, una excelente resistencia a los golpes.

## *Guarda cadeiras*

<sup>PT</sup> As diferentes molduras guarda cadeiras da NOËL & MARQUET adornam, estruturam e embelezam as suas paredes com enquadramentos e delimitações. São leves e fáceis de instalar. Graças à aplicação de uma subcamada na fábrica, você pode pintá-las imediatamente; a alta densidade de seu material oferece uma excelente resistência contra os choques.

# Skirtings

<sup>EN</sup> The basis for individual interiors: NOËL & MARQUET skirtings are suitable for all interiors and constitute indispensable design elements! Particularly shock and water proof as well as resistant to moisture, they are just perfect for the bathroom. They are paintable and thus the ideal combination for every floor covering.

## *Plinthes*

<sup>FR</sup> La base pour la personnalisation des espaces de vie : les plinthes NOËL & MARQUET conviennent à toutes les pièces et sont des éléments décoratifs indispensables ! Particulièrement résistantes aux chocs et à l'humidité, elles conviennent aussi parfaitement pour la salle de bain. Prêtes à peindre, elles constituent le complément idéal à tout revêtement de sol.

## *Zócalos*

<sup>ES</sup> La base para la personalización de los espacios habitables: los zócalos NOËL & MARQUET son adecuados para todas las habitaciones y son elementos decorativos esenciales. Particularmente resistentes al choque y la humedad, son ideales para el baño. Recuperables, son el complemento ideal para cualquier revestimiento de suelo.

## *Rodapés*

<sup>PT</sup> A base para a personalização dos espaços de vida: os rodapés NOËL & MARQUET são adequados para todas as divisões e constituem um elemento essencial do design! Particularmente resistente aos choques, à água e humidade, também são perfeitos para a casa de banho. Podem ser pintados, são o complemento ideal para qualquer revestimento de piso.

# Cover Skirtings

Surplinthes de rénovation

Cubre zócalos

Cubre rodapés

EN With our cover skirtings, renovations become simple: old profiles and tiles are easily covered without having to resort to expensive prior removal – a big relief.

FR Grâce à nos surplinthes, la rénovation devient un jeu d'enfant : elles vous facilitent considérablement le travail, en vous permettant de recouvrir simplement vos anciennes plinthes en bois et en carrelage, au lieu de devoir les enlever au préalable, ce qui s'avère souvent fastidieux!

ES Gracias a nuestros cubre zócalos, la renovación se convierte en un juego de niños: hacen que su trabajo sea mucho más fácil, al permitirle simplemente cubrir los zócalos de madera o de cerámica ya existentes, en lugar de tener que eliminarlos primero, evitando así costes innecesarios en la retirada de los mismos que en muchos casos son difíciles y engorrosos de quitar.

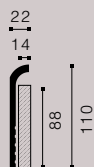

PT Com os nossos cubre rodapés, as renovações tornam-se muito fáceis. Os rodapés antigos e os azulejos são facilmente cobertos sem ter que recorrer a uma remoção prévia e cara, um verdadeiro alívio!

# Finished Skirtings

Plinthes avec peinture de finition

Zócalos con pintura de acabado

Rodapés com acabamento de tinta

EN Finished skirtings are particularly suitable for bigger projects. The profiles are factory finished in white ( $\approx$  RAL 9016), the colour most frequently used for walls.

FR Les plinthes avec peinture de finition conviennent tout particulièrement aux grands projets. Elles sont pré-peintes en usine en couleur blanc ( $\approx$  RAL 9016), la couleur murale la plus fréquente.

ES Los zócalos con pintura de acabado son particularmente adecuados para grandes proyectos. Están pre-pintados de fábrica en blanco ( $\approx$  RAL 9016), el color de pared más común.

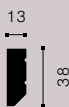

PT Os rodapés com acabamento de tinta são particularmente adequados para projetos maiores. Os rodapés são pintados na fábrica em branco ( $\approx$  RAL 9016) - a cor mais usada para paredes.

# Wall Panels

<sup>EN</sup> Bringing unique texture to walls, ceilings or even furniture, three-dimensional wall panels are the perfect solution to provide rooms with distinct architectural features and resolute character. Whether geometrical, organic, linear or curved, the various motifs developed in collaboration with internationally renowned designers will turn any wall into a strong eye-catcher lifting entire living spaces to new heights.

## *Panneaux muraux*

<sup>FR</sup> Apportant une texture unique aux murs, aux plafonds ou même aux meubles, les panneaux muraux tridimensionnels constituent la solution idéale pour conférer aux pièces des caractéristiques architecturales distinctives et un caractère affirmé. Qu'ils soient géométriques, organiques, linéaires ou courbes, les différents motifs développés en collaboration avec des designers de renommée internationale transformeront n'importe quel mur en un véritable accroche-regard qui élèvera tout espace de vie vers de nouveaux sommets.

## *Paneles de pared*

<sup>ES</sup> Los paneles de pared tridimensionales, que aportan una textura única a paredes, techos o incluso muebles, son la solución perfecta para dotar a las estancias de características arquitectónicas distintivas y un carácter decidido. Ya sean geométricos, orgánicos, lineales o curvos, los diversos motivos desarrollados en colaboración con diseñadores de renombre internacional convertirán cualquier pared en un elemento llamativo que elevará toda la estancia a nuevas cotas.

## *Painéis de parede*

<sup>PT</sup> Dando uma textura única a paredes, tetos ou até móveis, os painéis de parede tridimensionais são a solução perfeita para dar aos cômodos características arquitetônicas distintas e um caráter resolutivo. Sejam geométricos, orgânicos, lineares ou curvos, os vários motivos desenvolvidos em colaboração com designers de renome internacional transformarão qualquer parede num forte ponto de atração, elevando todos os espaços habitacionais a novos patamares.

# Lighting Profiles

<sup>EN</sup> Create special atmosphere and ambiance with light. The lighting profiles from NOËL & MARQUET are ideal for creative design with LEDs. Direct or indirect light, on the ceiling, on the wall or on the floor. And there was light!

## *Profilés pour éclairage*

<sup>FR</sup> La lumière vous permet de créer une ambiance particulière. Les profilés pour éclairage de NOËL & MARQUET sont idéaux pour la décoration intérieure créative avec lumière LED directe ou indirecte, placée au plafond, au mur ou au sol. Que la lumière soit!

## *Perfiles para iluminación*

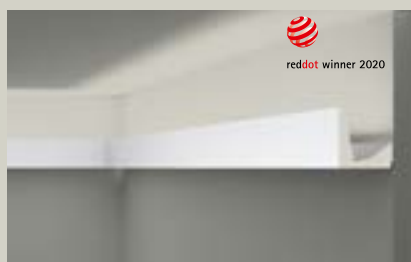

<sup>ES</sup> La luz te permite crear un ambiente especial. Los perfiles de iluminación NOËL & MARQUET son ideales para un diseño interior creativo con iluminación LED directa o indirecta, colocados en el techo o en la pared. ¡Que haya luz!

## *Perfis para iluminação*

<sup>PT</sup> A luz permite-lhe criar uma atmosfera especial. Os perfis para iluminação da NOËL & MARQUET são ideais para uma decoração criativa com LEDs. Luz direta ou indireta, no teto ou na parede. E a luz fez-se!

# Black Profiles

<sup>EN</sup> Firm lines, pronounced architecture, unambiguous design. From bold statements and contrasting features to slick finishes and monochrome designs, anything and everything is possible with the colour black. Whatever the environment, whatever the style; our BLACK collection helps create elegant, timeless and unique interiors.

## *Profils noirs*

<sup>FR</sup> Des lignes nettes, une architecture prononcée, un design sans ambiguïté. Des expressions fortes et des contrastes aux finitions élégantes et aux designs monochromes, tout est possible avec la couleur noire. Quel que soit l'environnement, quel que soit le style, notre collection BLACK permet de créer des intérieurs élégants, intemporels et uniques.

## *Perfiles negros*

<sup>ES</sup> Líneas firmes, destacados detalles arquitectónicos y un diseño sin ambigüedades. Desde diseños audaces con características en contrastante hasta acabados elegantes y diseños monocromáticos, todo es posible con el color negro. No importa la ocasión ni el estilo; nuestra colección BLACK ayuda a crear interiores atemporales, elegantes, y únicos.

## *Perfis pretos*

<sup>PT</sup> Linhas firmes, arquitetura pronunciada, design sem ambiguidades. Desde afirmações ousadas e características contrastantes a acabamentos elegantes e designs monocromáticos, tudo é possível com a cor preta. Seja qual for o ambiente, seja qual for o estilo, a nossa coleção BLACK ajuda a criar interiores elegantes, intemporais e exclusivos.

IL10 BLACK

# Black diffusor

EN The black diffusor is almost invisible when the LED lights are off and creates a completely different shade of light when they are on. By absorbing more light than its white variant, the black diffusor emits a uniform, soft light avoiding a clash of brightness with black profiles.

FR Le diffuseur noir est presque invisible quand les lampes LED sont éteintes et crée une nuance complètement différente quand elles sont allumées. En absorbant plus de lumière que sa déclinaison blanche, le diffuseur noir émet une lumière uniforme et douce et évite le choc de luminosité avec les profilés noirs.

ES El difusor negro es casi invisible cuando las luces LED están apagadas y crea un tono de luz completamente diferente cuando están encendidas. Al absorber más luz que su variante blanca, el difusor negro emite una luz suave y uniforme, evitando el choque de brillos con los perfiles negros.

PT O difusor preto é praticamente invisível quando as luzes LED estão apagadas e cria uma sombra de luz totalmente diferente quando estão ligadas. Ao absorver mais luz do que a sua versão branca, o difusor preto emite uma luz suave uniforme, evitando a oposição de luminosidade com perfiles pretos.

# White diffusor

EN Fitted as standard with a black diffusor, the IL10, IL11 and IL12 BLACK profiles can also be provided with a white diffusor **on demand** for more intense and contrasting lighting effects.

FR Equipés par défaut d'un diffuseur noir, les profilés IL10, IL11 et IL12 BLACK peuvent également être fournis avec un diffuseur blanc **sur demande** pour des effets lumineux plus intenses et contrastés.

ES Equipados con un difusor negro, los perfiles de los zócalos IL10, IL11 e IL12 BLACK también pueden instalarse con un difusor blanco, **a petición del cliente**, a fin de lograr efectos de iluminación más intensos y con mayor contraste.

PT Equipados com um difusor preto, os perfis BLACK IL10, IL11 e IL12 podem também ser fornecidos, **por encomenda**, com um difusor branco para efeitos de iluminação mais intensos e contrastantes.

# Flexible Elements

<sup>EN</sup> To make your design ideas an unmitigated success, NOËL & MARQUET offers profiles and wall panels that fit flexibly on predefined forms: columns, arches or rounded edges, without any concessions to the usual resistance to shocks.

## *Éléments flexibles*

<sup>FR</sup> Pour répondre au mieux à vos idées de décoration intérieure, NOËL & MARQUET vous propose des profilés et panneaux muraux qui s'adaptent en souplesse à des formes spécifiques (colonnes, arcs ou coins arrondis) et ce, en conservant leur résistance habituelle aux chocs.

## *Elementos flexibles*

<sup>ES</sup> Para satisfacer mejor sus ideas de diseño de interiores, NOËL & MARQUET ofrece perfiles y paneles de pared que se adaptan de manera flexible a formas específicas (columnas, arcos o esquinas redondeadas) y esto, al mismo tiempo que mantienen su resistencia al impacto habitual.

## *Elementos flexíveis*

<sup>PT</sup> Para a atender a todas as suas ideias de decoração de interiores, a NOËL & MARQUET oferece perfis e painéis de parede que se adaptam de forma flexível a formas predefinidas (colunas, arcos ou cantos arredondados) sem sacrificar a resistência aos choques habitual.

290 ml

ARSTYL®, WALLSTYL®

ART.NR. 3003755  
EAN 5412938964388

EN This 3 in 1 white acrylic adhesive-filler is suited to the installation, filling and jointing of most WALLSTYL® and ARSTYL® profiles (see table for exceptions) and all NOMASTYL® profiles. The easy-to-work glue can be adjusted up to 10 minutes after application, as well as painted and sanded after drying. Before drying, excess glue can be removed with water, after drying, it must be removed mechanically.

FR Cette colle-enduit acrylique blanche 3 en 1 est adaptée à l'installation, au remplissage et au jointage de la plupart des profilés WALLSTYL® et ARSTYL® (voir le tableau pour les exceptions) et de tous les profilés NOMASTYL®. La colle facile à travailler peut être ajustée jusqu'à 10 minutes après application ainsi que peinte et poncée après séchage. Avant le séchage, l'excès de colle peut être retiré avec de l'eau, après le séchage, il doit être retiré mécaniquement.

ES Este adhesivo-relleno acrílico blanco 3 en 1 es adecuado para la instalación, el relleno y la unión de la mayoría de los perfiles WALLSTYL® y ARSTYL® (véase la tabla de excepciones) y de todos los perfiles NOMASTYL®. El adhesivo fácil de trabajar puede ajustarse hasta 10 minutos después de su aplicación, y pintarse y lijarse después del secado. Antes del secado, el exceso de cola puede eliminarse con agua; después del secado, debe eliminarse mecánicamente.

PT Este adesivo-enchimento acrílico branco 3 em 1 é adequado para a instalação, enchimento e junção da maioria dos perfis WALLSTYL® e ARSTYL® (ver tabela de exceções) e de todos os perfis NOMASTYL®. O adesivo fácil de trabalhar pode ser ajustado até 10 minutos após a aplicação, e pintado e lixado após a secagem. Antes da secagem, o excesso de cola pode ser removido com água; após a secagem, deve ser removido mecanicamente.

EN This white neutral and elastic glue is intended for applications that require stronger adhesion such as the installation of profiles from our FLEX range, cover skirtings or wall panels as well as all WALLSTYL® and ARSTYL® profiles when fixed on non-absorbent surfaces (full list in table). ADEFIX® PLUS must also be used for all indirect lighting profiles and one-sided installations. ADEFIX® PLUS cannot be sanded or painted and must always be finished with ADEFIX®.

FR Cette colle blanche, neutre et élastique est destinée aux applications nécessitant une plus forte adhérence telles que l'installation des profilés de notre gamme FLEX, des surplinthés ou des panneaux muraux ainsi que de tous les profilés WALLSTYL® et ARSTYL® lorsqu'ils sont fixés sur des surfaces non absorbantes (liste complète dans le tableau). ADEFIX® PLUS doit également être utilisé pour tous les profilés pour éclairage indirect et les installations des profilés sur une seule surface de collage. ADEFIX® PLUS ne peut pas être poncé ou peint et doit toujours être fini avec ADEFIX®.

ES Esta cola blanca neutra y elástica está destinada a aplicaciones que requieren una mayor adherencia, como la instalación de perfiles de nuestra gama FLEX, cubre zócalos o paneles de pared, así como todos los perfiles WALLSTYL® y ARSTYL® cuando se fijan sobre superficies no absorbentes (lista completa en la tabla). ADEFIX® PLUS también debe utilizarse para todos los perfiles para iluminación indirecta e instalaciones unilaterales. ADEFIX® PLUS no se puede lijar ni pintar y debe acabarse siempre con ADEFIX®.

PT Esta cola branca neutra e elástica destina-se a aplicações que requerem uma adesão mais forte, como a instalação de perfis da nossa gama FLEX, tapa-rodapés ou painéis de parede, bem como todos os perfis WALLSTYL® e ARSTYL® quando fixados em superfícies não absorventes (lista completa na tabela). ADEFIX® PLUS deve também ser utilizado para todos os perfis para iluminação indireta e instalações unilaterais. ADEFIX® PLUS não pode ser lixado ou pintado e deve ser sempre acabado com ADEFIX®.

Empoderamento - protege o nosso povo

### *Sustainability brochure*

<sup>EN</sup> At NOËL & MARQUET, we are committed to designing with purpose and producing with care, embedding sustainable development into our business strategy. Following the NMC Group's sustainability strategy, we build our approach around three key focus areas: **Circularity**, **Decarbonisation** and **Empowerment** – ensuring our decorative solutions are as responsible as they are refined.

Scan the QR code below to explore our full sustainability strategy.

### *Brochure durabilité*

<sup>FR</sup> Chez NOËL & MARQUET, nous nous engageons à concevoir avec attention et à produire avec soin, en intégrant le développement durable dans notre stratégie commerciale. Conformément à la stratégie de développement durable du groupe NMC, notre approche s'articule autour de trois axes principaux : la **circualité**, la **décarbonisation** et l'**empowerment**, garantissant ainsi que nos solutions décoratives sont aussi responsables que raffinées.

Veillez scanner le code QR ci-dessous pour découvrir notre stratégie complète en matière de développement durable.

### *Folleto de sostenibilidad*

<sup>ES</sup> En NOËL & MARQUET, nos comprometemos a diseñar con un propósito y a producir con cuidado, integrando el desarrollo sostenible en nuestra estrategia empresarial. Siguiendo la estrategia de sostenibilidad del Grupo NMC, basamos nuestro enfoque en tres áreas clave: **circualidad**, **descarbonización** y **empoderamiento**, garantizando que nuestras soluciones de-corativas sean tan responsables como refinadas.

Escanea el código QR a continuación para explorar nuestra estrategia de sostenibilidad completa.

### *Brochura sobre sustentabilidade*

<sup>PT</sup> Na NOËL & MARQUET, estamos empenhados em projetar com propósito e produzir com cuidado, incorporando o desenvolvimento sustentável na nossa estratégia de negócio. Seguindo a estratégia de sustentabilidade do Grupo NMC, construímos a nossa abordagem em torno de três áreas principais: **Circularidade**, **Descarbonização** e **Empoderamento** – garantindo que as nossas soluções decorativas são tão responsáveis quanto refinadas.

Digitalize o código QR abaixo para explorar a nossa estratégia de sustentabilidade completa.
